

# **VISION & MISSION STATEMENT**

## **WZCC (I) MUMBAI CHAPTER**

### **VISION:**

Businessmen, professionals, managers in the corporate sector, and budding entrepreneurs from the Zoroastrian Community, will aspire for or covet membership of the WZCC (I) – Mumbai Chapter.

### **MISSION:**

This Vision will become a reality when:

- Interest groups belonging to a specific business, profession, industry or service are formed, headed by a convener, who meet regularly to discuss and debate matters of common interest and more importantly to mentor entrepreneurs (start-ups) by inviting them to join the group
- Every opportunity is explored to identify and take on members of good standing and experience who can participate in the interest groups or as mentors on entrepreneurship development.
- First-time entrepreneurs or SME's are attracted, encouraged, trained, selected on merit and led to the appropriate source for funding the business.
- Entrepreneurs are encouraged to speak or report on their success, “road-blocks” or failures, to build a knowledge fund to guide other entrepreneurs.
- A group of investors are willing to fund entrepreneurs based on a review of their business plan, with potential for growth and attractive return on capital.
- Self-motivated, energetic persons come forward and offer to take charge of one of the functions of the Chapter, to produce the desired results.
- A minimum of 8 programmes / lecture meetings are organized for members, which are intellectually stimulating and of value to members.
- At least 2 factory visits annually, (over one week-end) are organized, to expose members to a manufacturing process, product applications and insights into the management of operations that have contributed to the success of the enterprise.
- Communication between the Chapter and members in India is sustained through a monthly newsletter which covers :
  - The activities of the chapter
  - A business profile of members
  - An interesting management anecdote
  - What's new on the WZCC Website
  - WZCC International news and
  - Members' views or suggestions on areas for improvement.
