### **Recent rave reviews of Cyrus' book – City of Thieves:**

"An insider's view to insider trading ... written with vigour and authority," says Literary Review magazine.

"It's a good read. The plot involves sex, money, murder, betrayal and Middle East politics, as well as some East Asian-style philosophising about loyalty and integrity," says INSEAD Business School.

"This is a brilliantly constructed, intelligent, thrilling read, and an eye-opener for anyone unfamiliar with the world of corporate finance" – The Irish Examiner.

"Book of the week" – Radio Chick New Zealand, 5 October 2009

"A story many of us who have to make moral judgements in our daily lives can relate to" – The Wharf

The event costs a nominal sum of £10 including drinks and food. Don't miss this unique and somewhat *different* opportunity to meet a real life author and successful businessman!
